Welcome Mark!

Quote of the day:
For every minute spent organizing, an hour is earned

Kanban Board

Requested

- Lab 15 - Web App.
- Push Commits
- Get some food stuff

Progress

- Final Project
- Swift App for F.Project

```
ws.on("message", m => {
  let a = m.split(" ")
  switch(a[0]){
    case "connect":
      if(a[1]){
        if(clients.has(a[1])){
          ws.send("connected");
          ws.id = a[1];
        }else{
          ws.id = a[1];
          clients.set(a[1], {client: ws, id: a[1]});
          ws.send("connected")
        }
      }
    }
})
```
